OUR GUARANTEE

While we agree to correct any mistakes made by us in filling your orders, and expect all our plants to give satisfaction if handled properly; due to many causes beyond our control we cannot guarantee the hardiness or growth of any plant sold by us, and cannot be held responsible for a sum greater than the original purchase price.

However we will replace any perennial which fails to grow for one-half of original purchase price.

Our Nursery is State Inspected

IT IS EASY TO GET TO PERKINS' NURSERY

It is very easy to get to Perkins' Nursery. It is located on the St. Paul-Stillwater Road which is a part of Minnesota U. S. Highway 212, about a mile from St. Paul city limits.

To drive to the nursery by auto from St. Paul's business district take East Seventh Street to East Minnehaha Street. East to East Ave. Paved Road to left. (Highway 212.)

From St. Anthony Park, take Larpenteur Avenue and Wheelock Parkway to Arcade Street, south on Arcade to Maryland, east on Maryland to White Bear Avenue, south on White Bear Ave. to Kerwin St. (enters Stillwater Road) east to nursery.

The hourly bus service from St. Paul to Stillwater passes our nursery. Fare from St. Paul 15 cents.

From Wisconsin points, cross the St. Croix River at Hudson or Stillwater. If crossed at Hudson go to Stillwater and from there follow Highway 212 to our nursery.

SAPONARIA Ocymoides—(Soapwort). A splendid plant for the rock garden or the border. Each 20 cents; 12 for \$2.00.

SEDUMS

Sedums are the principal rock garden plants in America. They vary much in height, color and type of foliage, even within a variety. Most of them prefer a sunny situation. Much confusion exists in the names of sedums, therefore it is best to see the plants before buying them.

Dwarf Varieties

Acre—(Goldenmoss). One of the best and most popular Sedums. Does best in a poor soil. Flowers yellow.

Album. A rapid grower. Flowers white.

Cristata. Top of the branch forms a crest similar to a cockscomb. Flowers yellow.

Ellacumbianum. Green trailing foliage, yellow flowers and red seed vessels.

Ewersi. A thick, large, smooth leaved variety. Leaves gray-blue. Flowers pink, in September and October.

Ibericum. Similar to Stolonifera. Flowers pink.

Late Ibericum. Flowers pink, foliage turns brownish in fall.

Kamschaticum. Leaves green, flowers yellow.

Kamschaticum Variegata. Leaves green and white.

Lydium. A neat compact Sedum. Foliage light green with a touch of red.

Middendorffianum. Green foliage—buds orange—flowers yellow.

Reflexum. Foliage similar to small spruce branches. Flowers yellow.

Spurium. Similar in type to Stolonifera. Foliage has a red tinge getting darker in the fall. Flowers red.

Stolonifera. Leaves roundish, green. Flowers pink.

Prices: All Sedums, each 25 cents.
small plants, 10 and 15 cents.

Tall Varieties

Perkins' Perennial Plants

ACHILLEA—Boule de Neige—(Yarrow). 2 ft.; all summer. An easily grown plant bearing graceful clusters of double white, daisy-like flowers on long stems. Each 25 cents.

ANTHEMIS—Kelwayi—(Marguerite). 2 ft.; summer. A good plant for the border, producing an abundance of yellow daisy-like flowers. The finely cut dark green foliage is attractive during the entire season. While the blossoms are sometimes used for cut flowers the plant is better suited for adding a touch of bright color to the border. Each 25 cents; 6 for \$1.00.

AQUILEGIA (Columbine) **Plant Very Early**

The Columbines are often mis-called honeysuckles. They grow from two to three feet high and produce an abundance of graceful, long-stemmed flowers for the late spring and early summer months. Columbines are not particular about the soil but seem to prefer a well drained sandy loam. They will grow in partial shade. Our plants are two year old clumps.

Chrysantha, Yellow.

Clemataquilla. Spurless flowers—mixed colors.

Coerulea (Rocky Mountain Columbine). Blue and white.

Dobbie's Imperial Hybrids.

Mrs. Scott Elliott's Hybrids. A superior strain of long spurred flowers in many beautiful combinations of colors.

Rainbow Hybrids.

Each 25 cents; 12 for \$2.50.

HARDY ASTERS—For Fall Bloom

No hardy border is complete without groups of Hardy Asters to give masses of color in the fall. Asters grow in any soil but large flowers will not be produced in a poor, dry soil. Aster plants should be divided occasionally if it is desired to keep the blooms large. A long hedge of asters will attract much attention.

Barr's Pink. 4 to 5 ft. A fine bright pink.

Blue. 2 to 3 ft. A rich blue.

Purple Flowered. 4 ft.

Mrs. Raynor. 3 to 4 ft. The nearest red of all asters.

CENTAUREA—Macrocephala. 3 ft.; a tall growing species of corn flower with large leaves. The large double thistle like flowers are a soft shade of yellow. An uncommon plant. Each 25 cents.

Centaurea Montana. The hardy blue cornflower. Each 20 cents.

CONVALLARIA—Lily of the Valley. Clumps, each 25 cents. Single pips, each 5 cents.

DAISIES (White)

Hartje and Elder. An early blooming white daisy. Flowers medium size. Each 20 cents; dozen \$2.00.

Giant Daisy. A tall growing fall blooming white Daisy. Very hardy. Each 25 cents; 12 for \$2.50.

DELPHINIUM

Wrexham Hybrids. 3 to 4 ft. An English strain with colors varying from light blue to purple, many having touches of pink in each flower. Both dark and light "bees" are present. This strain includes many double flowers. Each 40 cents; 12 for \$4.00.

Excelsior Hybrids. A good grade of English Hybrids. Each 20 cents; 12 for \$2.00.

Indigo Blue Hybrids. The best strain of dark blue Delphiniums we have grown, containing some unusually choice specimens. Each 35 cents.

Belladonna. 2 to 3 ft. We are growing an improved strain of this ever popular light blue Delphinium. The flowers are not as large as in the hybrid strains, but the plant bears many more spikes of flowers. Each 25 cents.

Bellamosum. Dark blue; type similar to Belladonna. Each 25 cents; 12 for \$2.50.

Blue Gem. Chinese type; 12 in. A low-growing Delphinium with finely cut leaves. Flowers rich dark blue. Each 25 cents; 12 for \$2.50.

Azure Fairy. A light blue variety of the Chinese type. Each 25 cents.

Blackmore and Langdon's Prize Strain. Seed imported from England. This strain produces unusually excellent spikes of flowers. We are offering young plants of this superior strain at the attractive price of; each 75 cents; 6 for \$3.75.

DIANTHUS—Plumarius—(Garden Pinks). Mixed colors. Each 25 cents; 6 for \$1.25.

Double Hardy Pinks. Our own selection. Flowers rose-colored, sweet scented. Each 25 cents.

DICENTRA—Spectabilis—(Bleeding Heart). 1 to 2 ft.; spring; attractive hardy perennial plants with much cut foliage and long racemes of graceful pink heart-shaped flowers. Easily cultivated; desires part shade. Each 50 cents.

Eximae. Plumy Bleeding Heart; 15 inches; April to August; foliage finely cut. Each 25 cents.

FUNKIA Lanceolata. August and September. A plantian lily suitable for shade or sun. Flowers lavender. Each 25 cents; 6 for \$1.25.

HELIOPSIS Pitcheriana—(Orange Sunflower). 2 to 3 ft.; July to August. Similar to small sunflowers. Flowers golden yellow, about 2 inches in diameter. Excellent for cutting. Each 25 cents; 6 for \$1.25.

LIATRIS Pycnostachya—(Blazing Star). 4 to 5 ft.; late summer. A bold plant for the border, with its tall slender spikes of rich rosy purple flowers. Plant in masses for the best effects. Flowers may be dried. Each 25 cents.

LINUM Perenne—(Flax). 2 to 3 ft.; all summer. Bush-like plants, producing daily an abundance of blue blossoms. As a rule the blossoms close about noon. The plants prefer an open, warm place. Each 25 cents; 12 for \$2.50.

MERTENSIA. Virginia Blue Bells. Each 20 cents.

PAPAVER Orientale—(Poppy). Large cup shaped showy flowers in red, orange, pink and salmon, often having large black blotches at the base. Very effective in the hardy border. Two year old plants, each 25 cents; dozen for \$2.50.

PENTSTEMON Pubescens Pygmaeus — (Bearded Tongue). 1 ft.; June. A very satisfactory plant for the border, growing in almost any location, also suitable for the rockery. Many lavender flowers on spikes. Clumps, each 30 cents.

Triumph Tulips are very sturdy and beautiful.

Visitors are welcome at Perkins' Flower Gardens.

POLEMONIUM Coeruleum—(Jacob's Ladder). 2½ ft. Flowers blue. Each 25 cents.

PLATYCODON Grandiflora—(Balloon Flower). 2 ft.; summer. Large bell-shaped blue flowers. In fall put stake beside the plant. It starts growth very late in the spring and may be hard to find. Each 25 cents. Seedlings, 2 for 25 cents; 12 for \$1.25.

PYRETHRUM Roseum—(Painted Daisy). 2 ft.; spring and fall. A beautiful plant with fernlike leaves. Daisylike flowers ranging from white to red. Suitable for cutting. Each 15 cents; 12 for \$1.50.

Atrosanguineum. Mostly red. Each 25 cents.

RUDBECKIA Purpurea Grandiflora—(Purple Cone Flower). 4 ft.; September and October. A plant suitable for growing among shrubs or at the back of a border. The crimson-purple flowers with drooping petals and large dark cone-like centers are similar to the smaller varieties of sunflowers. Each 25 cents; 6 for \$1.25.

Newmanii. 2 ft. A vivid yellow cone flower with brown center. Each 25 cents.

STATICE Latifolia—(Sea Lavender). 2 ft.; summer. The leathery leaves form a tuft at the ground from which arises several stiff stems bearing numerous small lavender flowers similar to Baby's Breath. Give full sunlight. Flowers may be dried and kept a long time. Large plants. Each 25 cents; 6 for \$1.25.

VERONICA Spicata—(Speedwell). 2½ ft.; July and August. The Speedwell make excellent plants for the sunny border coming into flower when there are comparatively few perennials in blossom. Flowers, long blue spikes. Very hardy. Each 20 cents; 6 for \$1.00.

Incana—(Woolly Leaved Speedwell). 12 to 18 in. Each 20 cents; 6 for \$1.00.

Plant tulips 5 to 6 inches deep, and 5 to 8 inches apart in the beds.
